Whitewalls Electronic Door Locks

Front and Side Door Locks

To open with a key fob

Present the fob where it is marked 'card' on the panel (also marked with a white spot of paint). The lock will then tell you if you have successfully unlocked the door (yes, it speaks!)

If you are a CSS member and would like a key fob, please contact the Cottage Warden.

To open with a code

Touch the keypad to illuminate the numbers, enter the code, then press #. The lock will then tell you if you have successfully unlocked the door.

Visiting groups will be given a visitors' key code prior to their stay. CSS members are notified of the annual members' code at the start each year – this code is not to be shared with non-members.

To lock the door

Press and hold # (1 second) until the door informs you it is locked. Please check the door can't be opened from the outside before leaving!

Important Note: For safety reasons both doors can be opened from the inside when locked, but be aware that closing them behind you will result in being locked out! So ensure the door is unlocked or that you have a fob or key code if you intend to return inside.

Internal Doors and Cupboards

The tackle store, key cupboard and library are members' access only – These are fitted with locks operated by a key fob.

Hold the fob against the round sensor on the barrel to activate the lock; the indicator will flash green and blue to indicate that the 'key' is engaged, giving you the next 10 seconds to turn the barrel to unlock the door.

Locking follows the same procedure – use the fob to activate the 'key' then turn the barrel the opposite way to lock the door. ***Please ensure that all doors are locked after use.***

Note: The tackle cage, tool cupboards and sheds are not fitted with electronic locks. The keys for these can be found in the key cupboard (requiring a members' key fob to open).

The Old Darren Sunday School

This building is fitted with a different locking system and cannot be opened with the CSS members' key fob or annual code. Members may access this property using the fob which is stored in the key cupboard or a code obtainable from the Cottage Warden. ***When the Old Darren Sunday School is in use for an exclusive booking members should not enter unless invited.*** Please check the bookings calendar and notify the cottage warden before use.
